

The Guide to Creative Anniversary Gifts and Parties

Are you

*Tired of seeing that momentary
look of disappointment on your loved one's face
when your anniversary gift is opened?*

*Determined to make a smashing impression on
your in-laws with the perfect anniversary gift?*

We've all agonized over picking wedding anniversary gifts. We've spent hours trekking through stores, picking up items that *could* be the "perfect" anniversary gift – and setting them back down because they just "weren't quite right." Then we run out of time and purchase a last-minute gift that seems ... well, good enough.

Sure, we're disappointed, but each time we promise ourselves that it's the last time we'll let that happen.

... or maybe you're

*In a panic because YOU were selected to plan
the Wedding Anniversary Party!*

Let's face it, most of us don't plan anniversary parties every day. So it's understandable that when the time comes we're stumped. Why Create a Guide?

Why did I put the Guide to Creative Anniversary Gifts and Parties together? Because I've been in your shoes way too many times – trying to find the perfect gift, never knowing how to *really* communicate how I felt. But I ignored this little problem ... until the time came to plan my *own* parents' 50th wedding anniversary party!

This was a huge event – 350 guests! – and it was the first time I'd planned anything of this magnitude. Feeling a bit overwhelmed, I researched, and researched, compiling information and ideas that would help me plan a wonderful, unique party that my loved ones would remember forever.

After countless hours of work I finally felt equipped to plan and throw a party that would make my parents' 50th anniversary absolutely unforgettable!

Then it occurred to me that other people could benefit from the time and effort I put into this research so I pulled everything into an organized format, added my own unique personal touches, made it enjoyable to read so it wouldn't wind up sitting on a shelf gathering dust ...

And I created The Guide to Creative Anniversary Gifts and Parties and made it available at a low, affordable price so everyone can **plan the perfect anniversary party or choose the ideal anniversary gift EVERY SINGLE TIME.**

“The Guide to Creative Anniversary Gifts and Parties helped me find the perfect gift for my parents 25th Anniversary! It was their silver anniversary and I wanted the gift to reflect that, but I didn't want to give them just another mundane item made of silver... I wanted something special and memorable. **The Guide to Creative Anniversary Gifts and Parties** gave me so many ideas to choose from! After being inspired by some of the Guide's great tips, I rummaged through an old trunk in the attic and found a photo of my parents on their first date. I had the photo restored and purchased a gorgeous silver picture frame for it. My parents were so pleased with the gift – and it now sits in a place of honor on the mantel in the living room! Thank you for helping me find the PERFECT gift for my parents anniversary!” *S. Williams, Chicago, IL*
